

AI Hands-on Workshop :: Day 1

Getting Friendly with AI

Hogeon Seo

Head :: Applied AI Section :: Korea Atomic Energy Research Institute (KAERI)

Associate Professor :: Artificial Intelligence :: University of Science & Technology (UST)

Director of International Affairs :: Korean Society for Nondestructive Testing (KSNT)

Vice Chair :: AI Innovation in Workplace Research Group :: AiFrenz

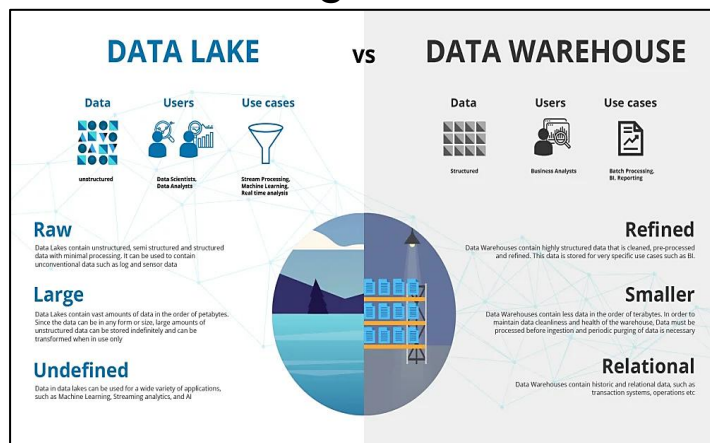

hogeony@kaeri.re.kr

AI Winters and Springs of Artificial Intelligence

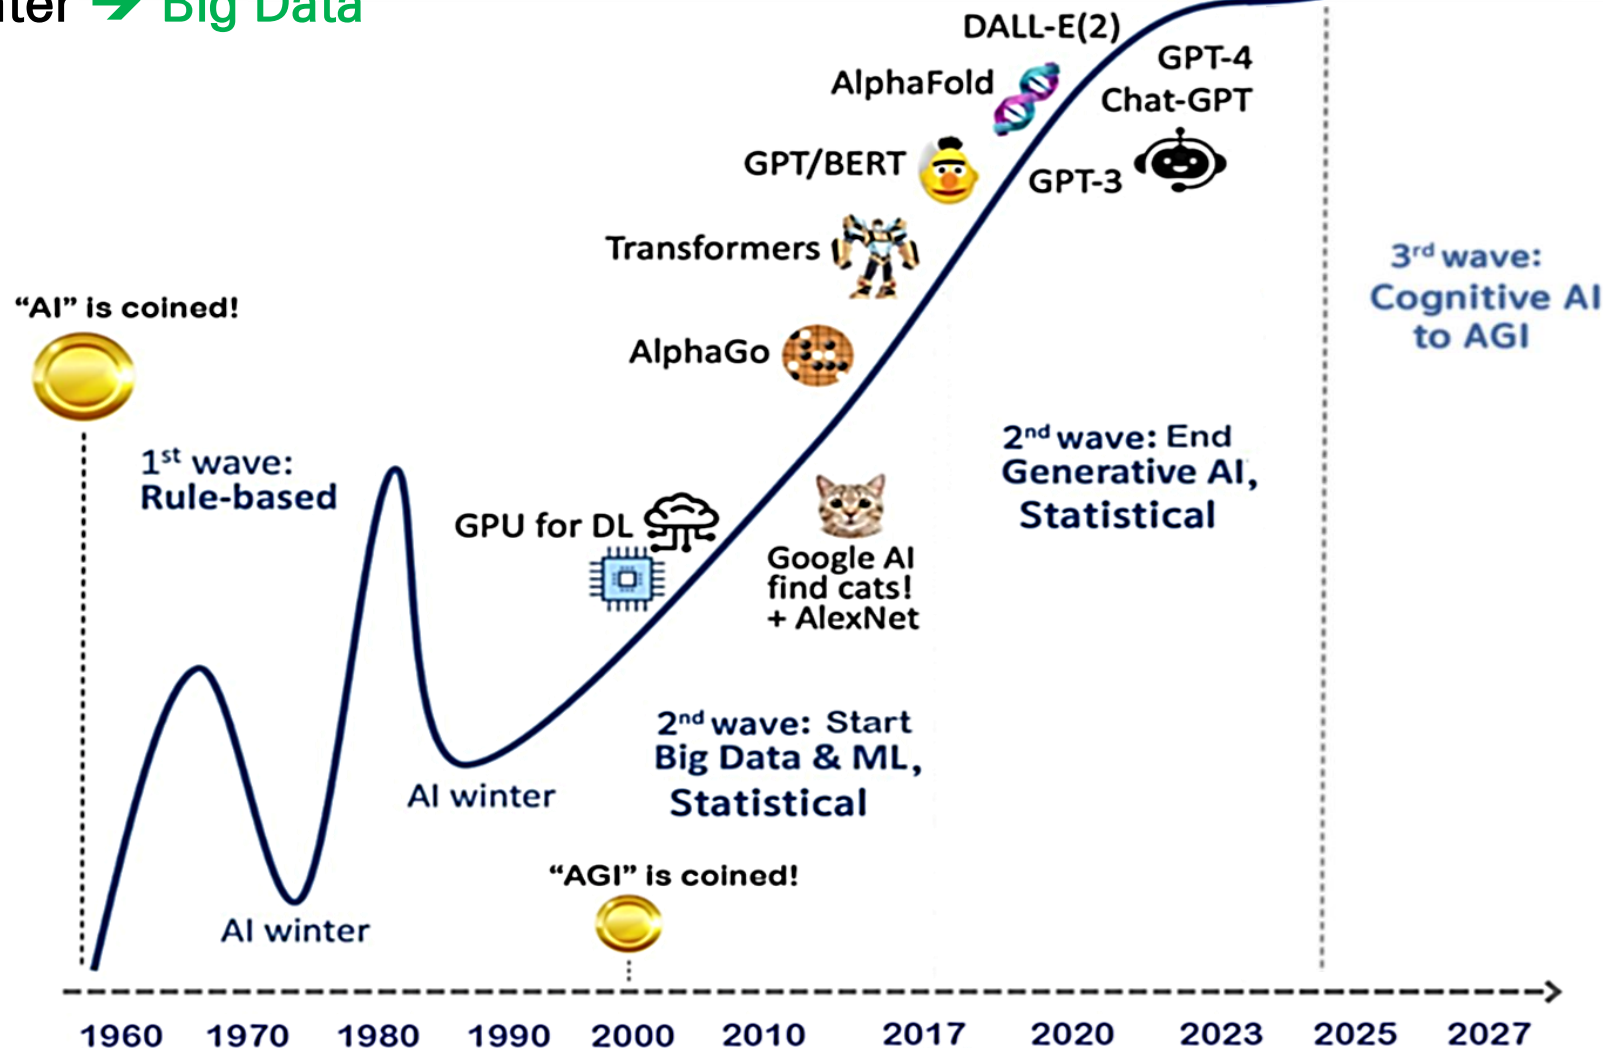

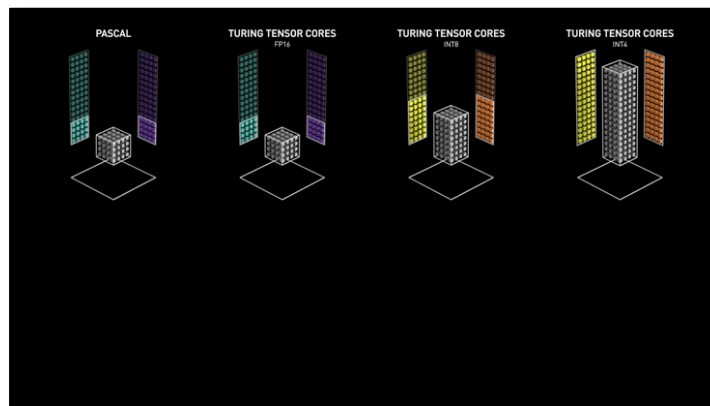

Poor Computing HW → 1st AI Winter → Graphic Processing Unit (GPU)

Lack of Large Datasets → 2nd AI Winter → Big Data

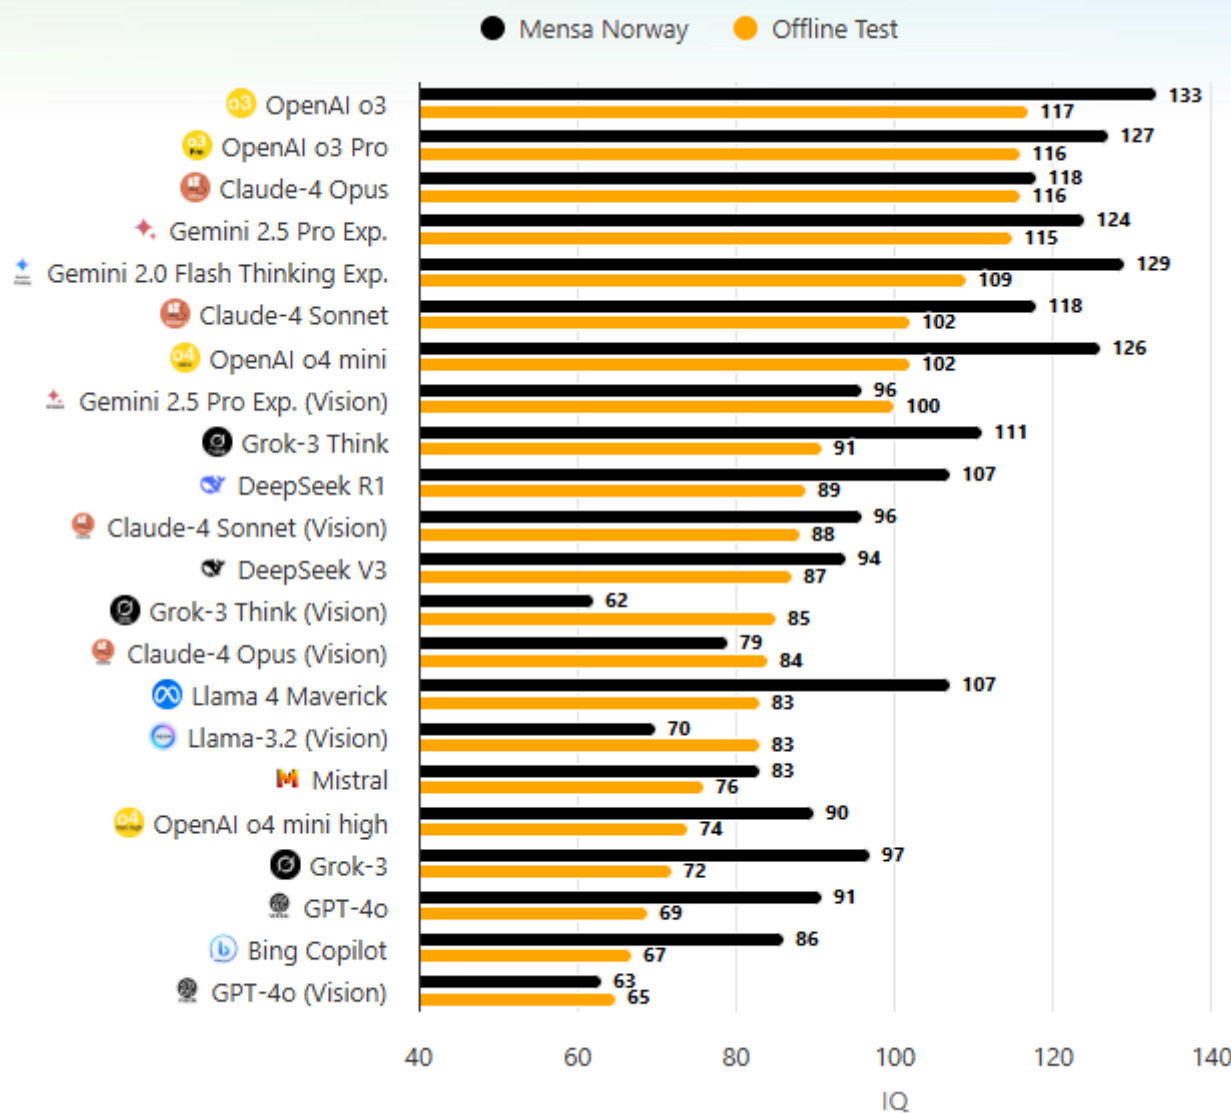

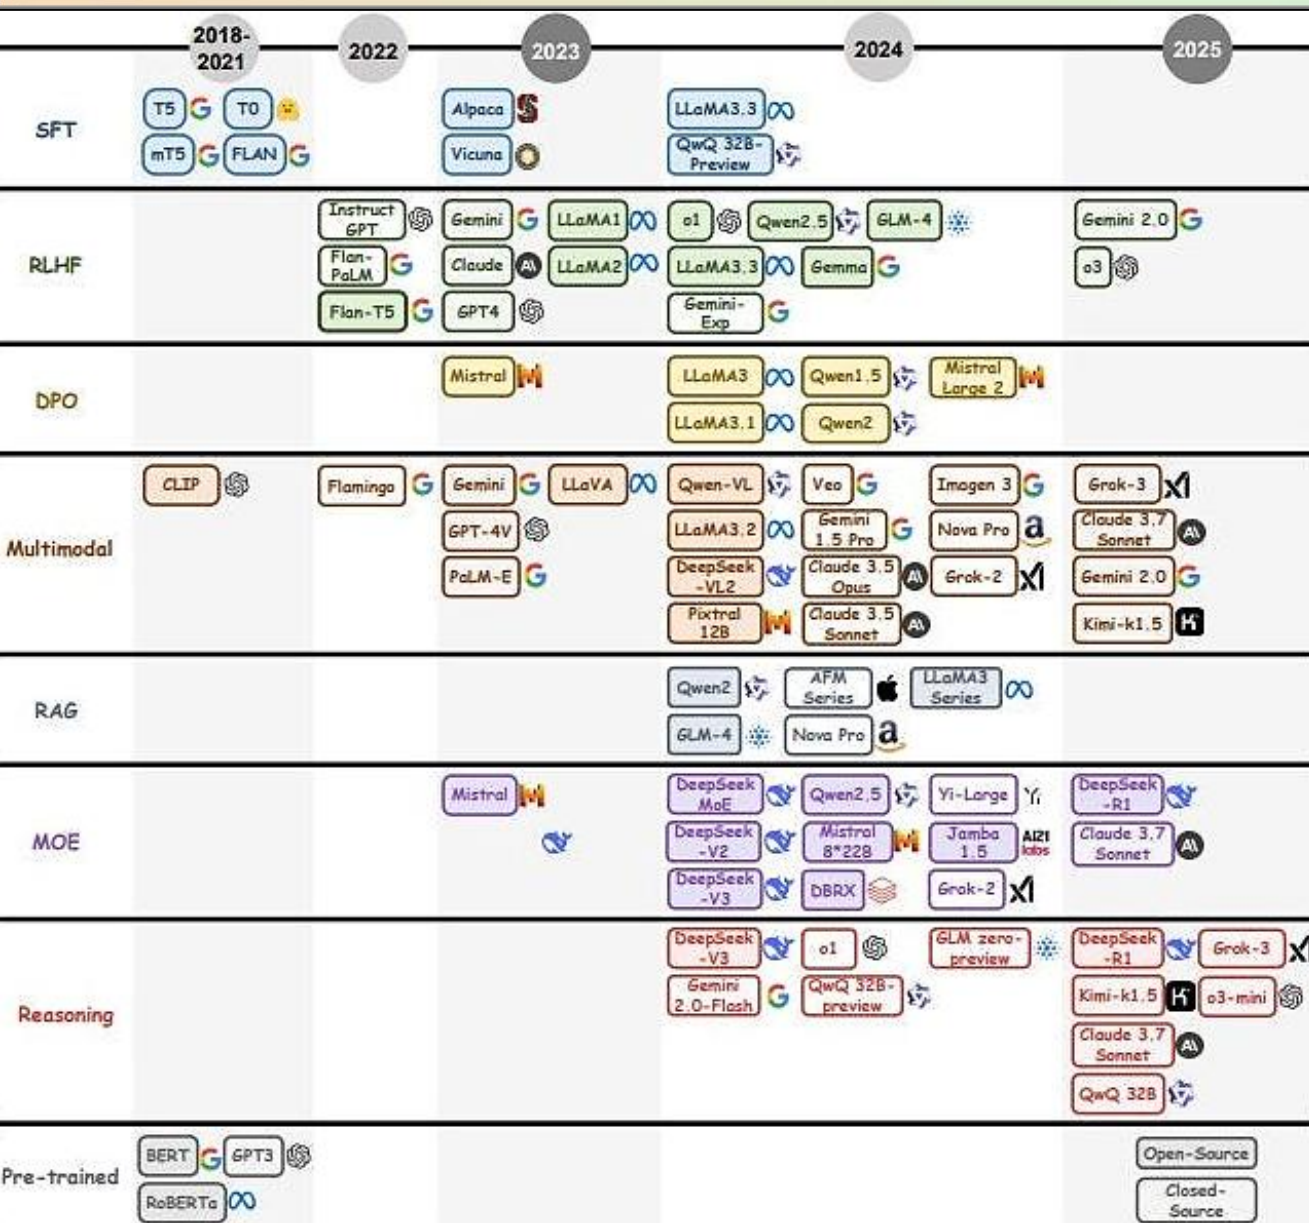

Big Data

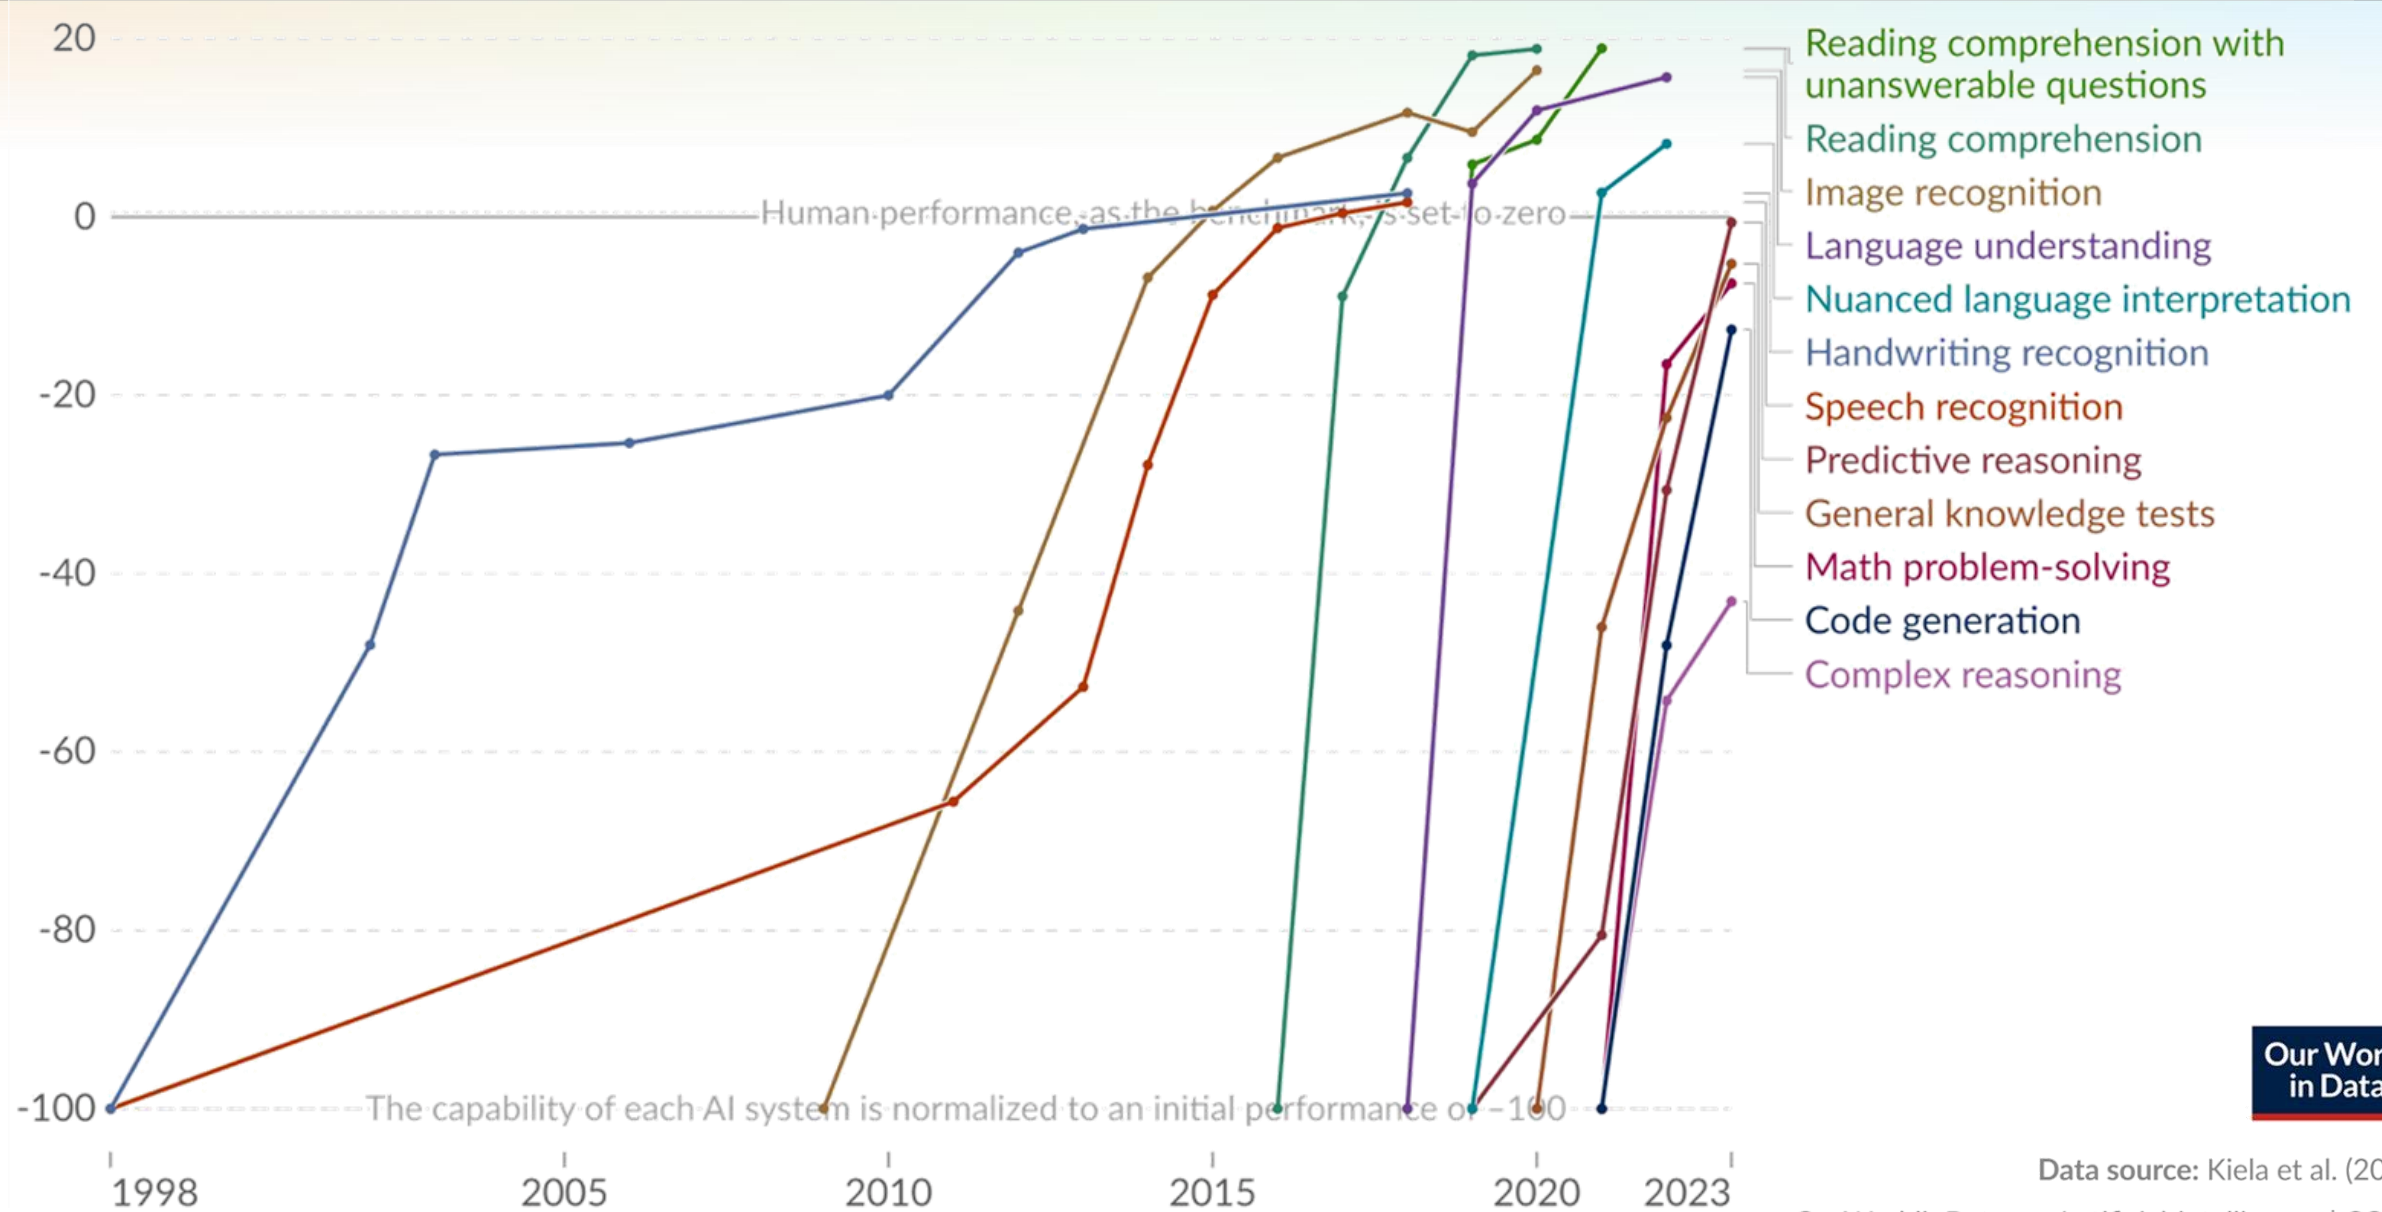

GPU

Abilities of AI & Its Relative Comparison to Human Performance

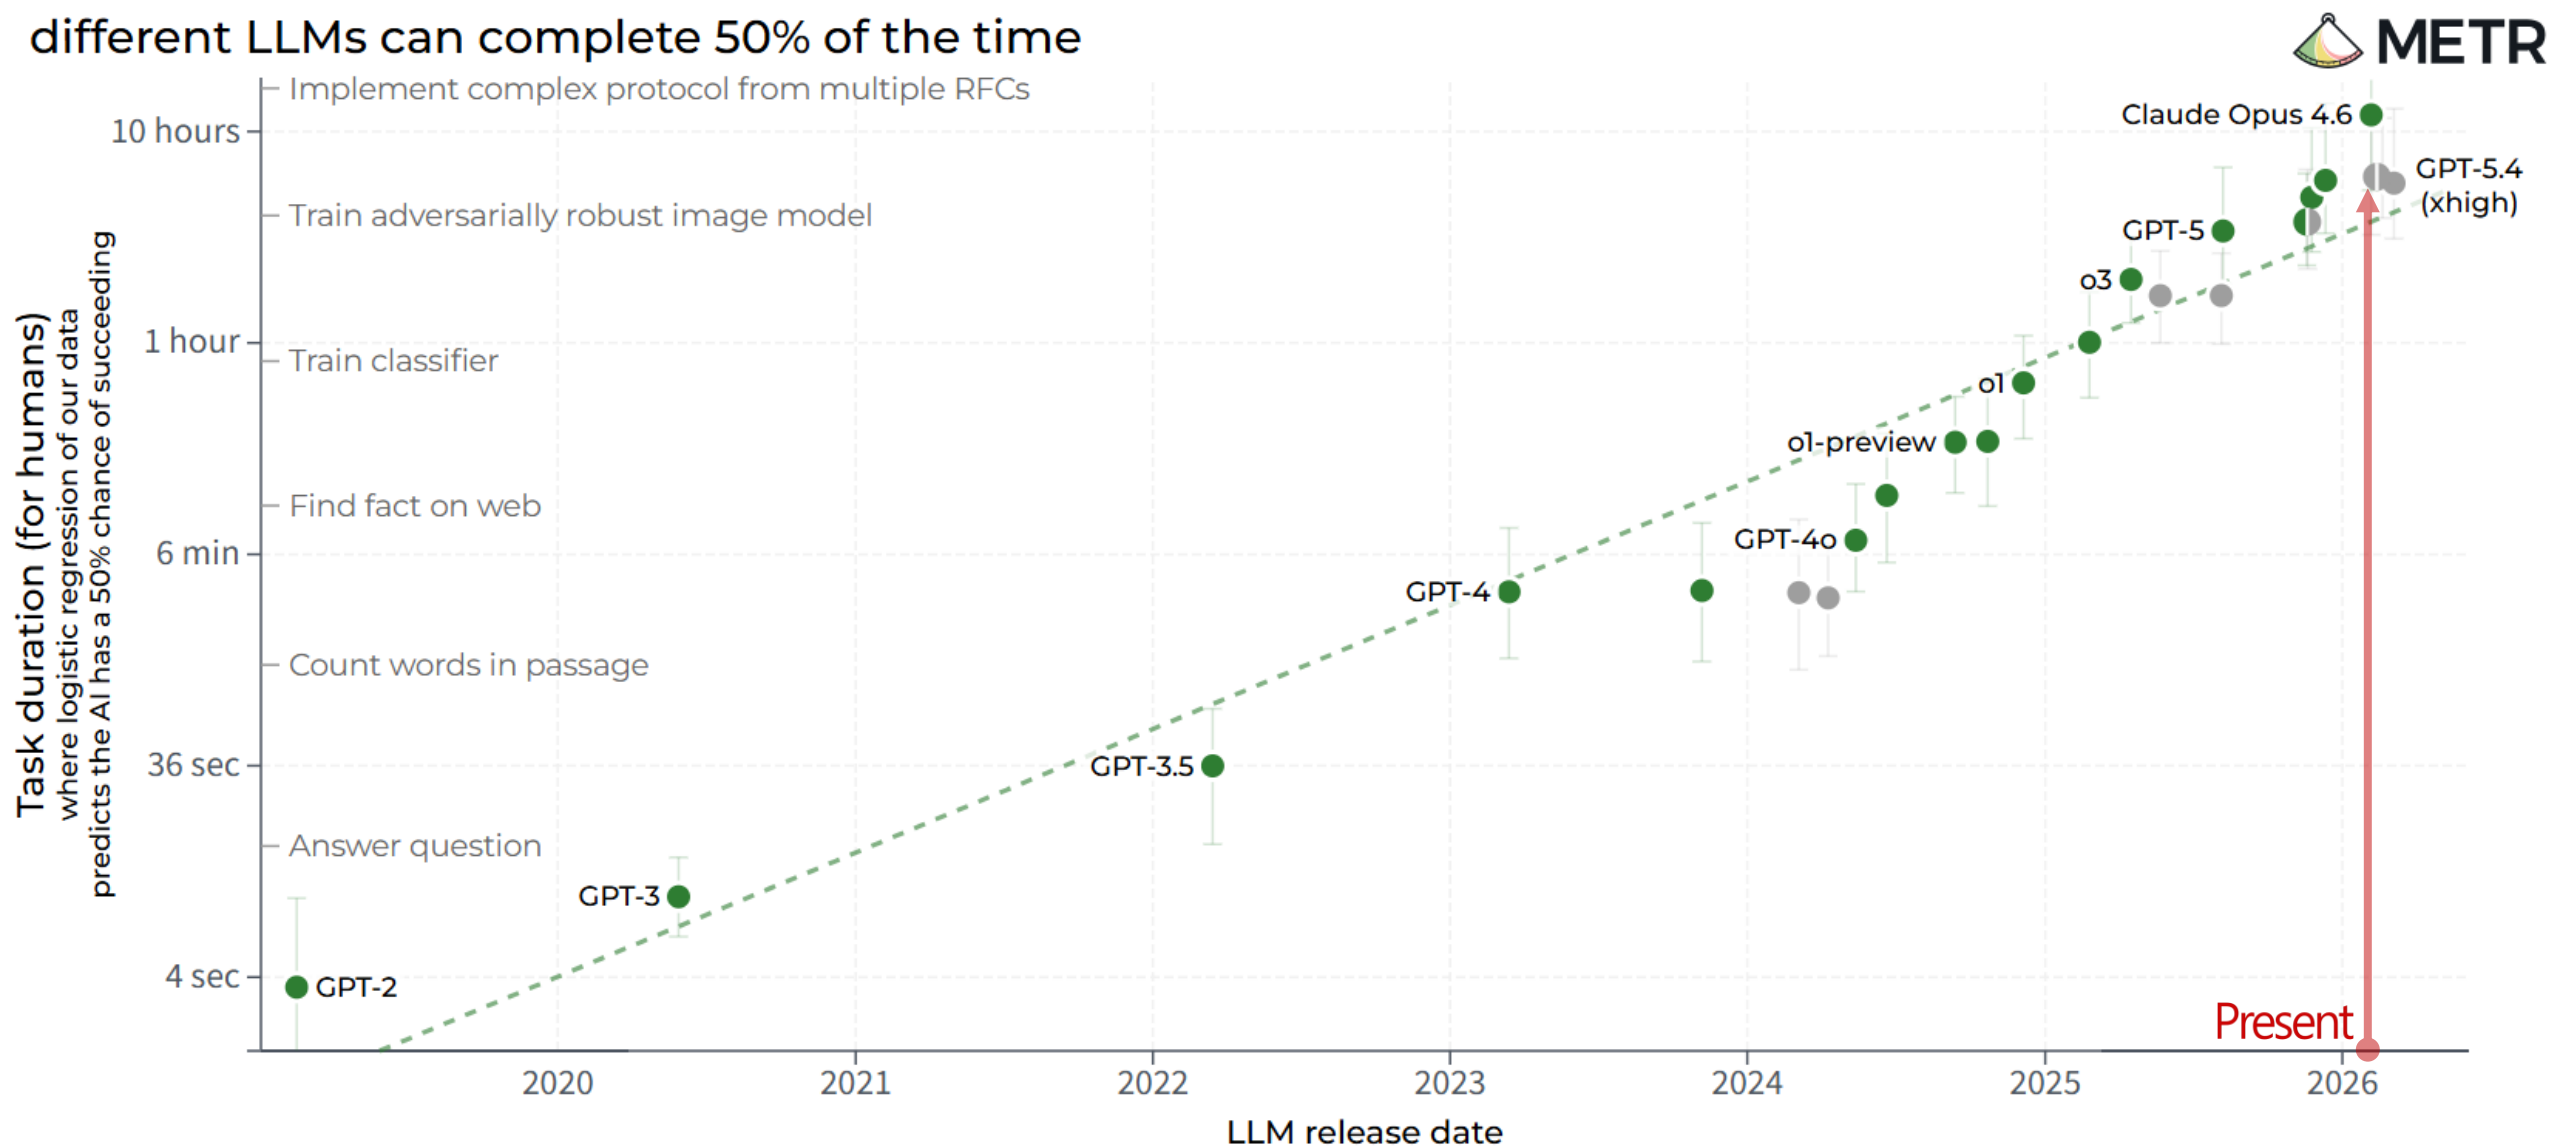

Abilities of AI & Its Relative Comparison to Human Performance

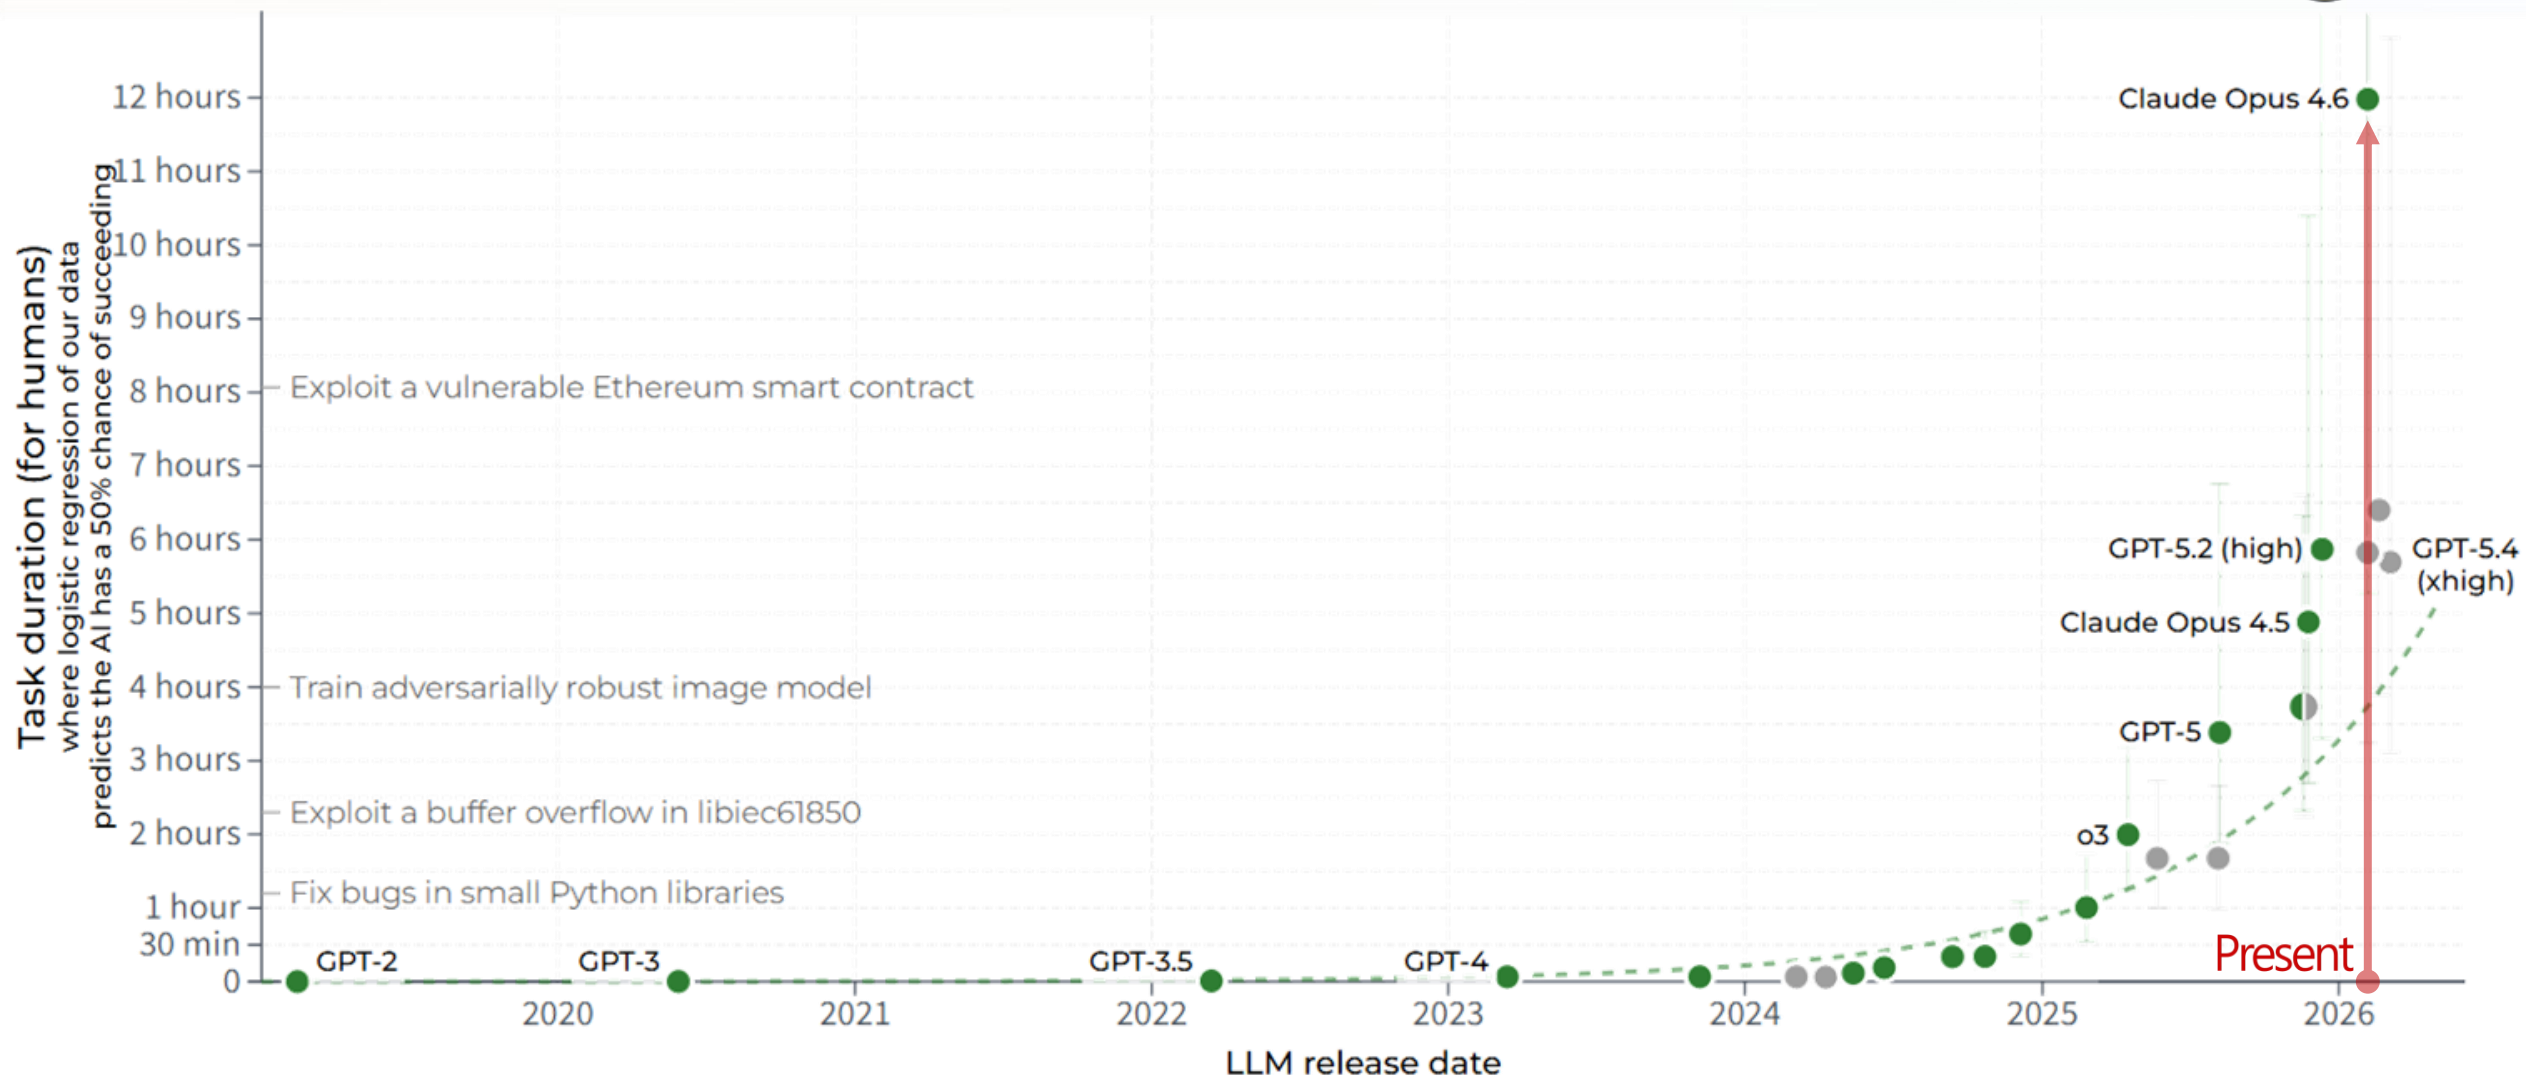

The Length of Tasks AI Can Do is Doubling Every 6 Months

Time horizon of software tasks
different LLMs can complete 50% of the time

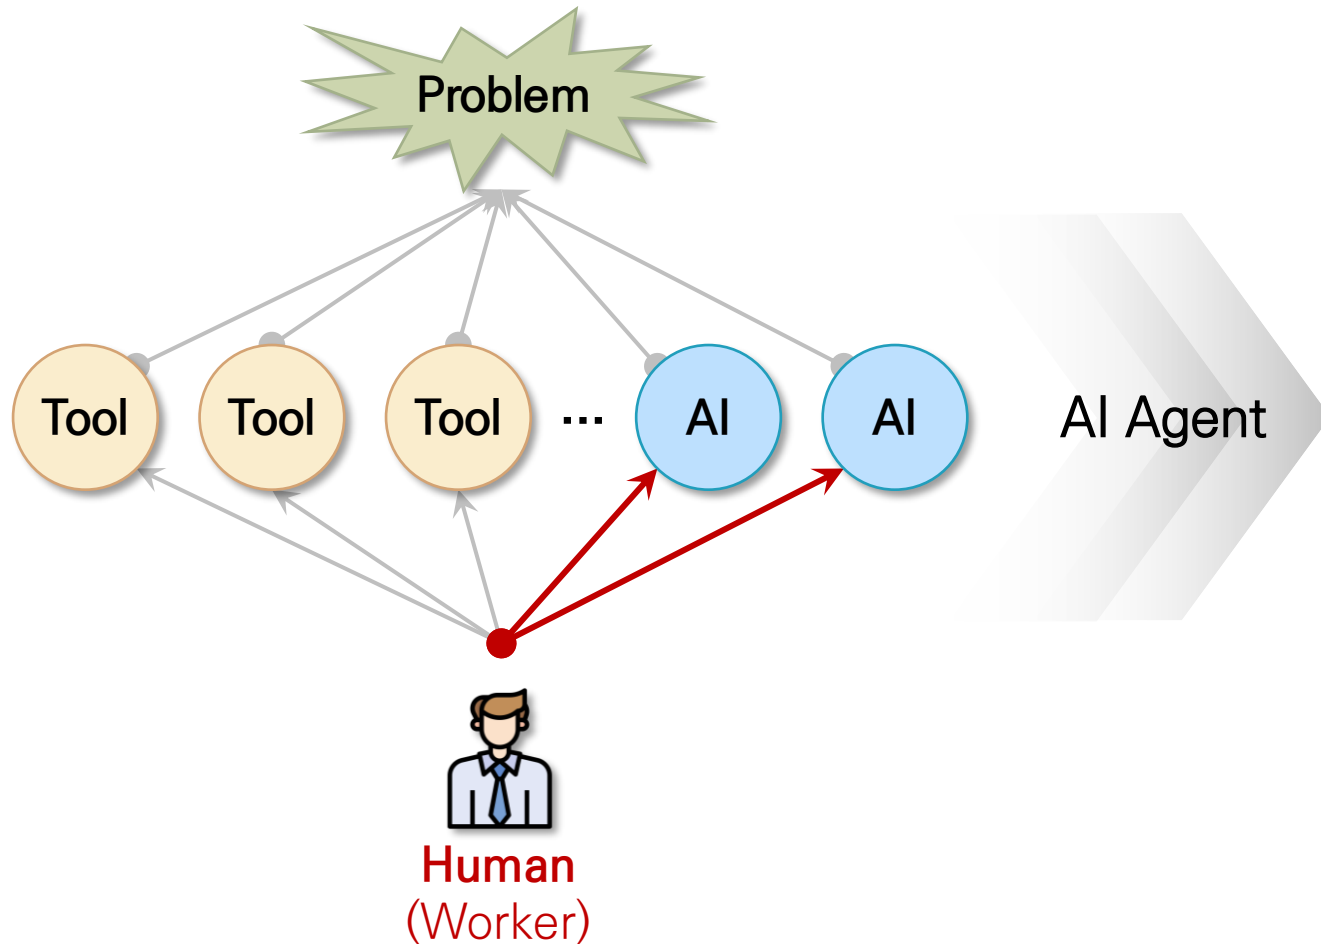

The Length of Tasks AI Can Do is Doubling Every 6 Months

Time horizon of software tasks
different LLMs can complete 50% of the time

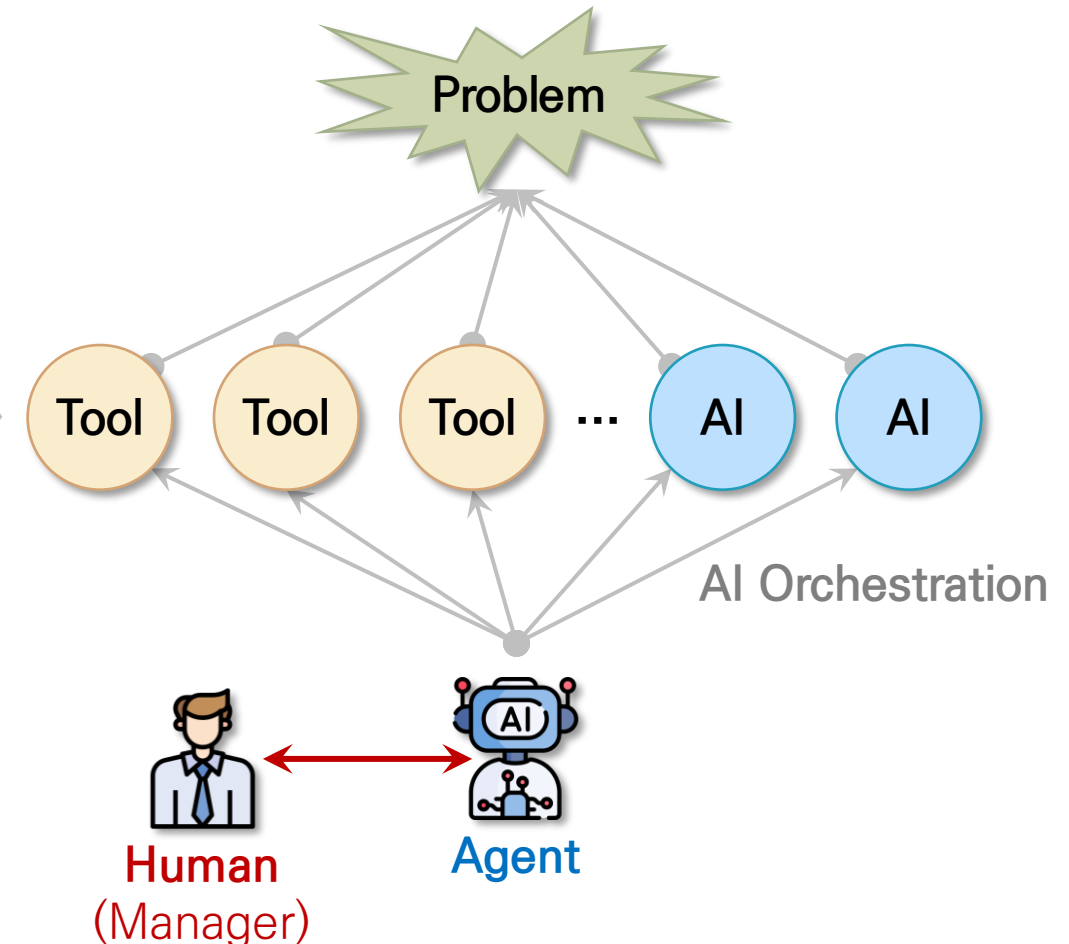

Paradigm Shift in AI Usage :: AI as a Means → AI as a Solution

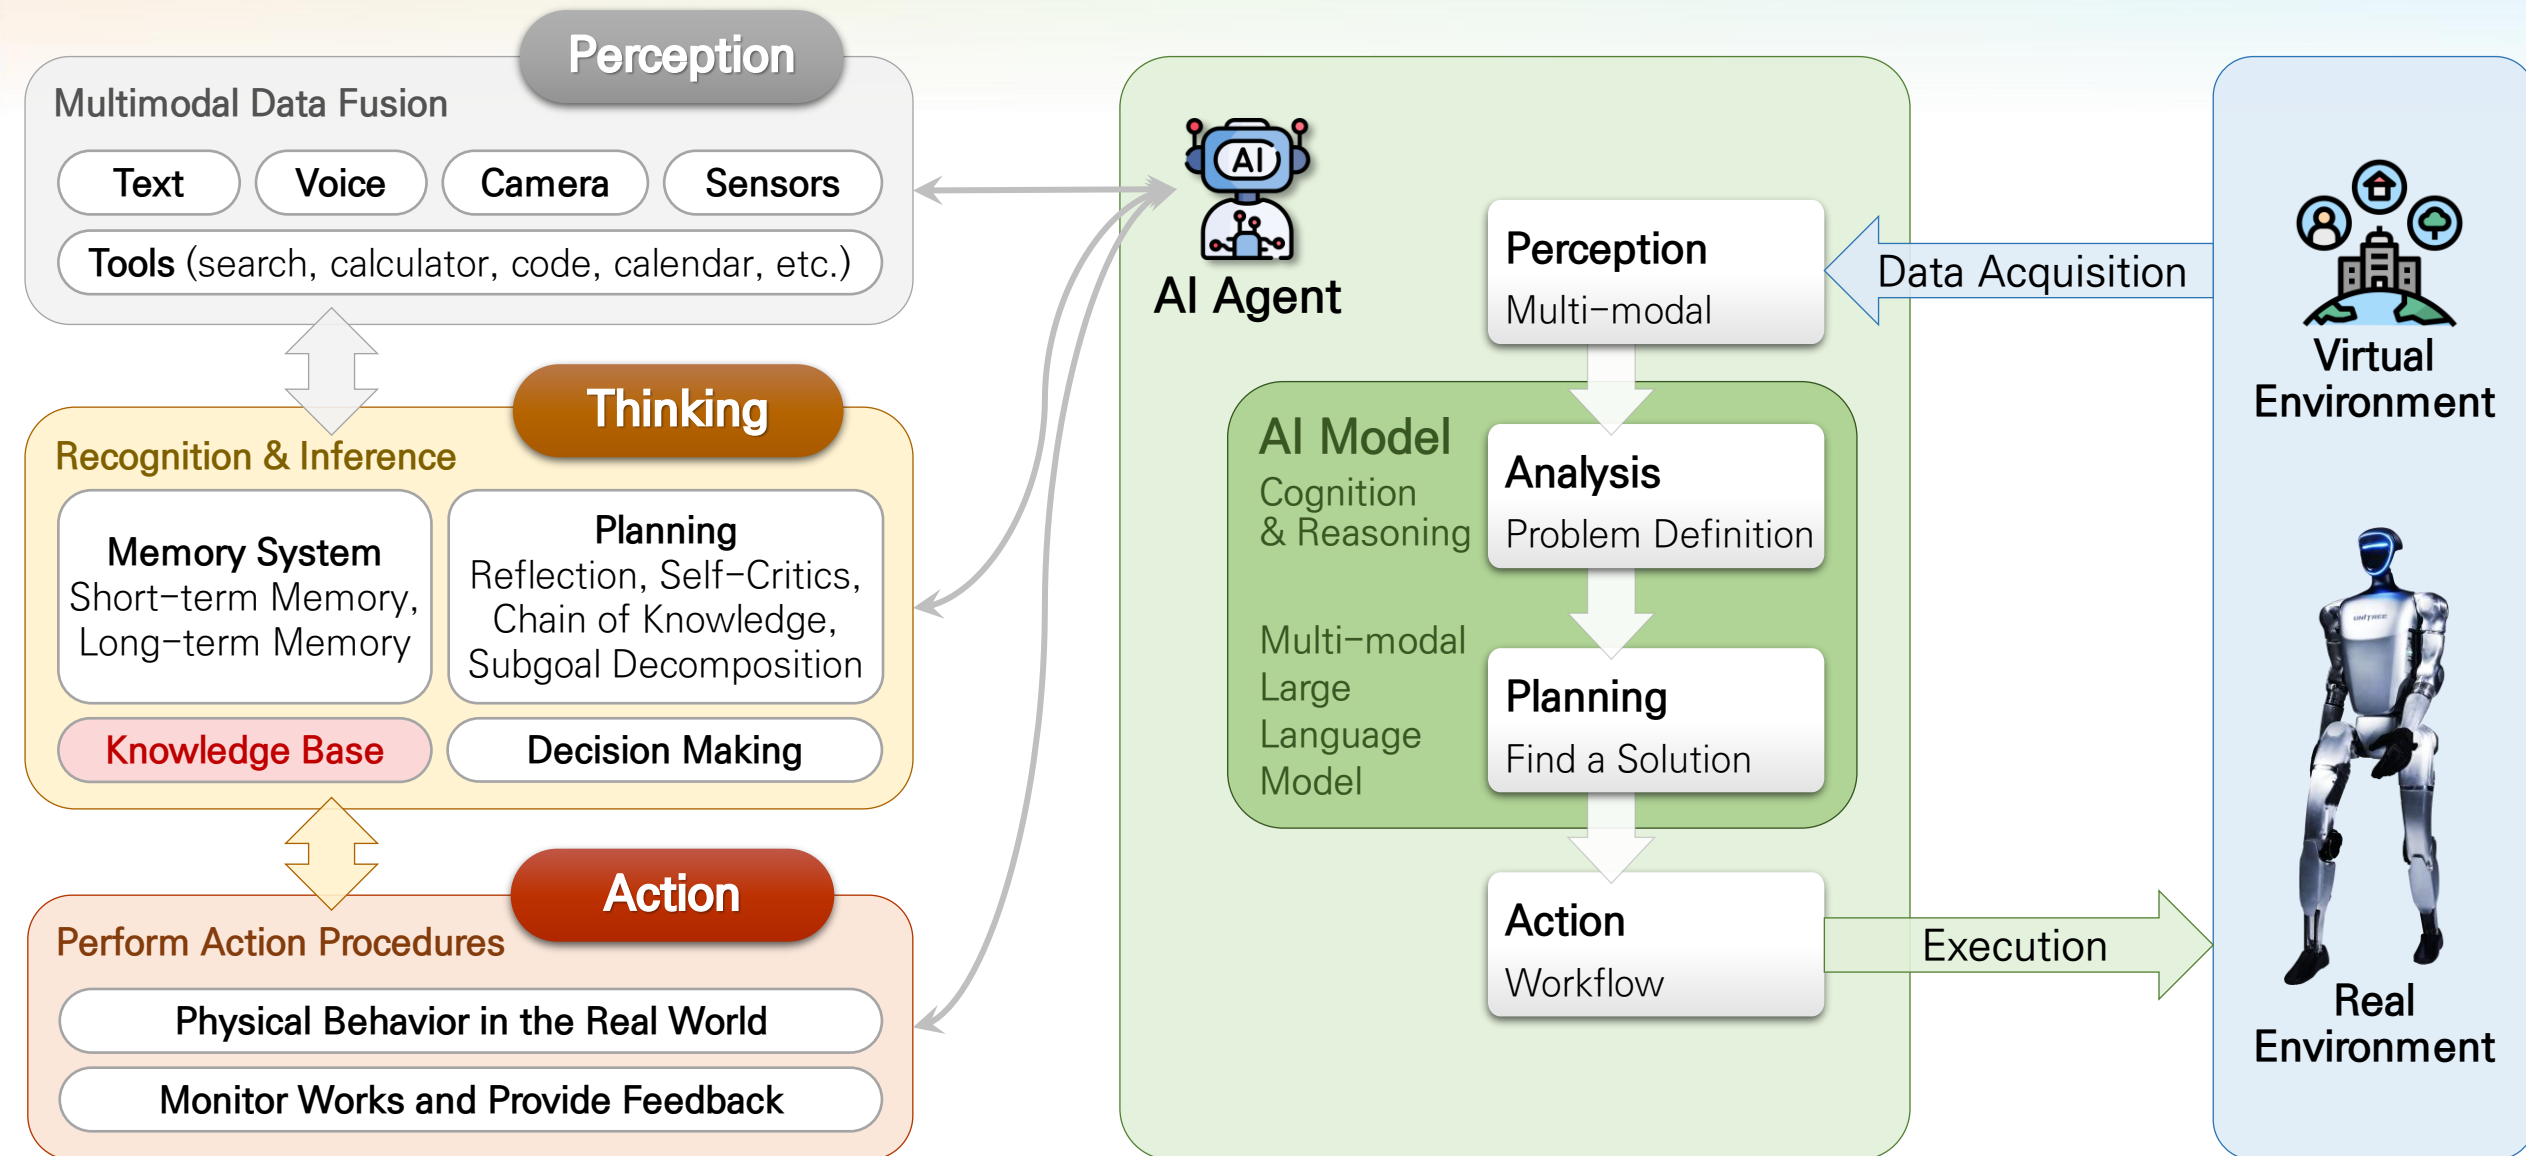

AI as a Means

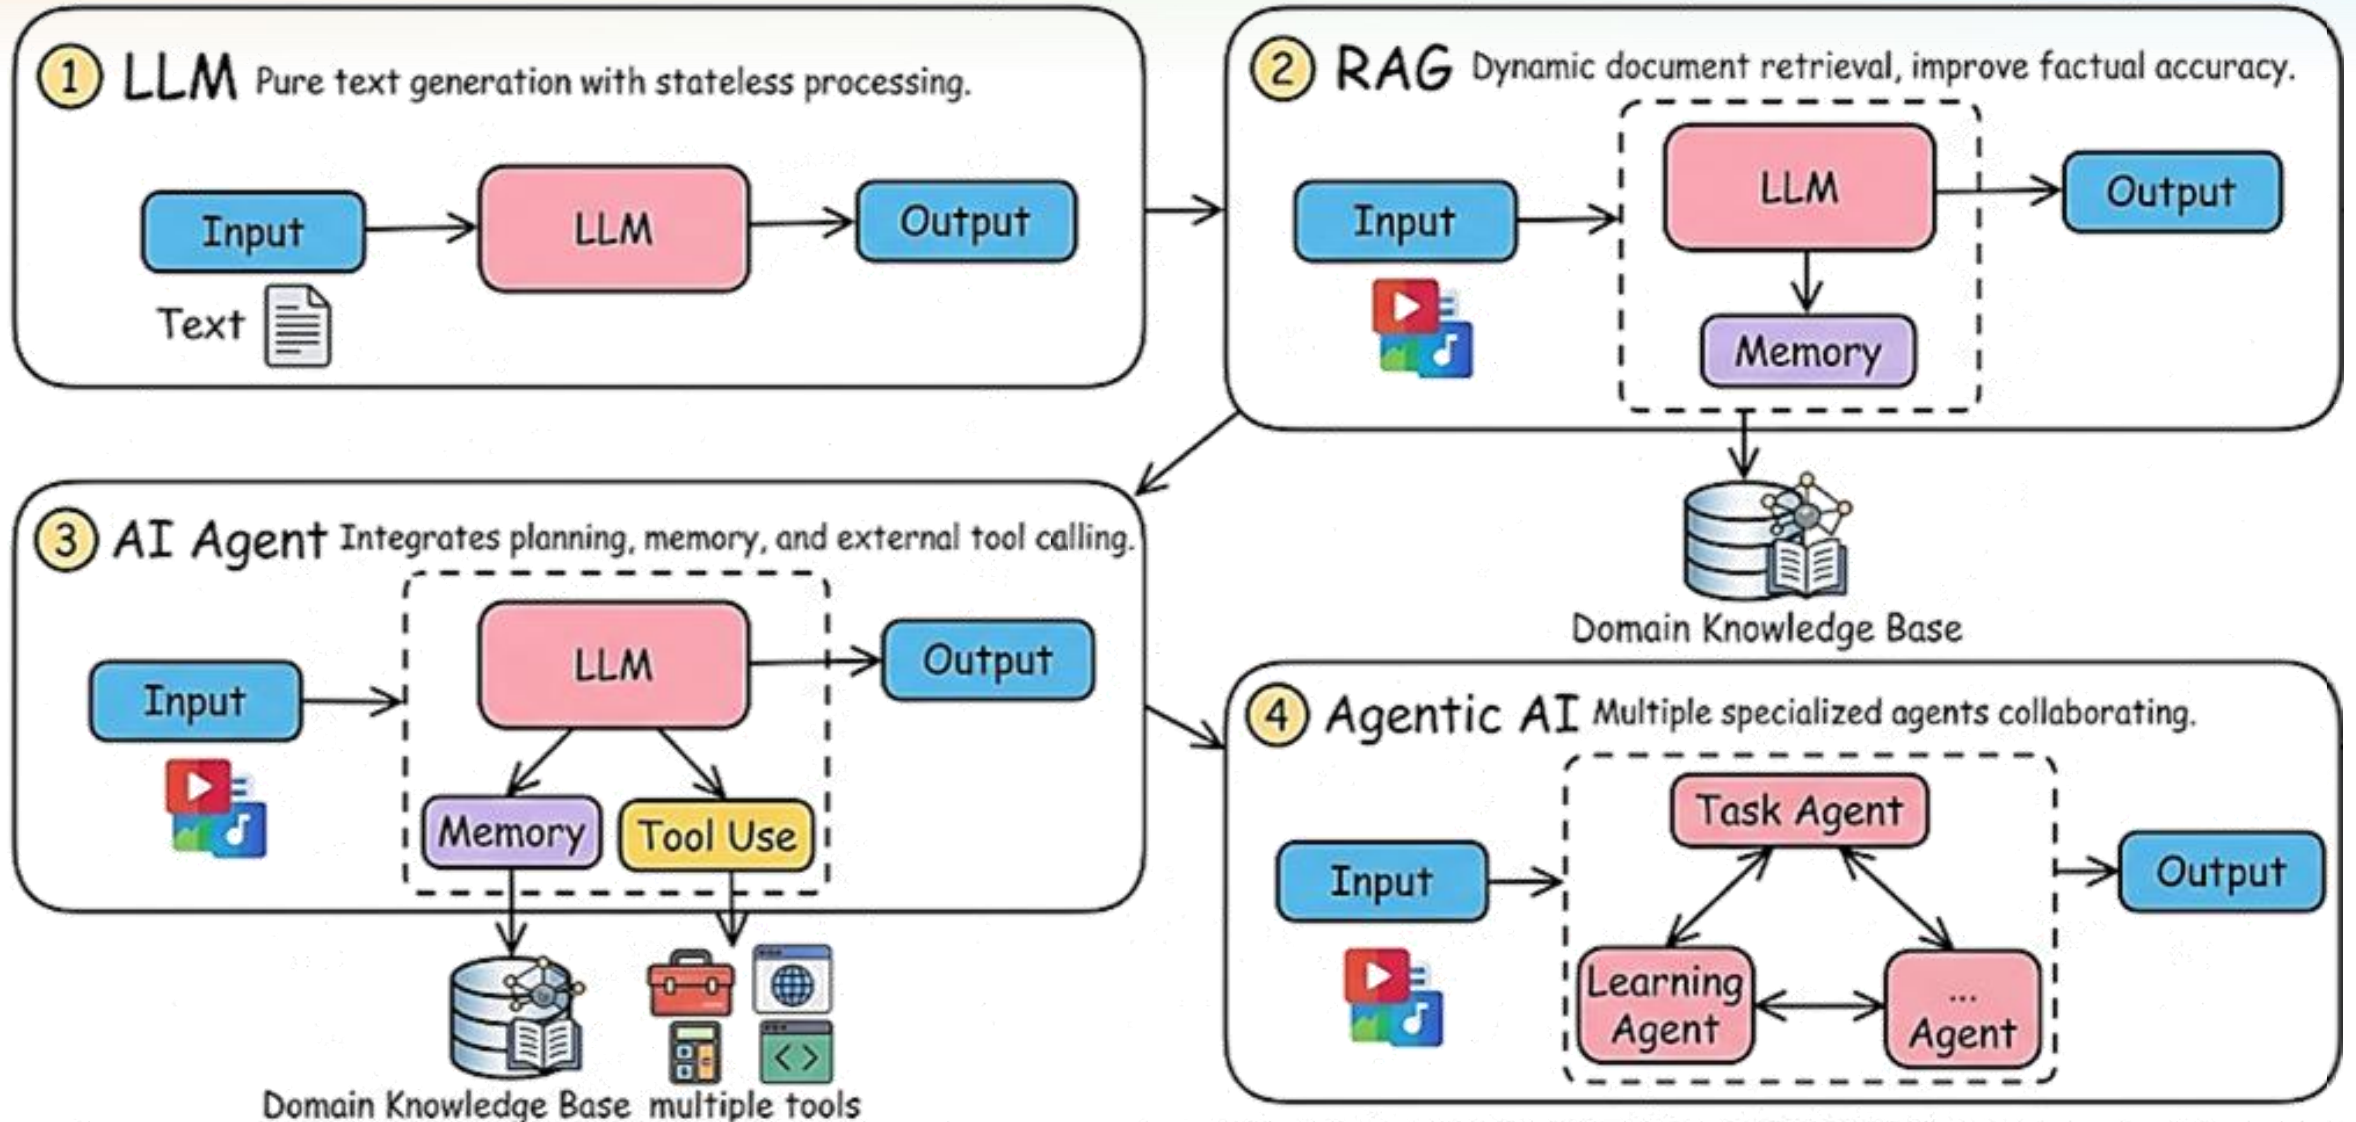

AI as a Solution

Cognitive, Reasoning, and Action Framework based on AI Agent

Evolution from LLM to Agentic AI

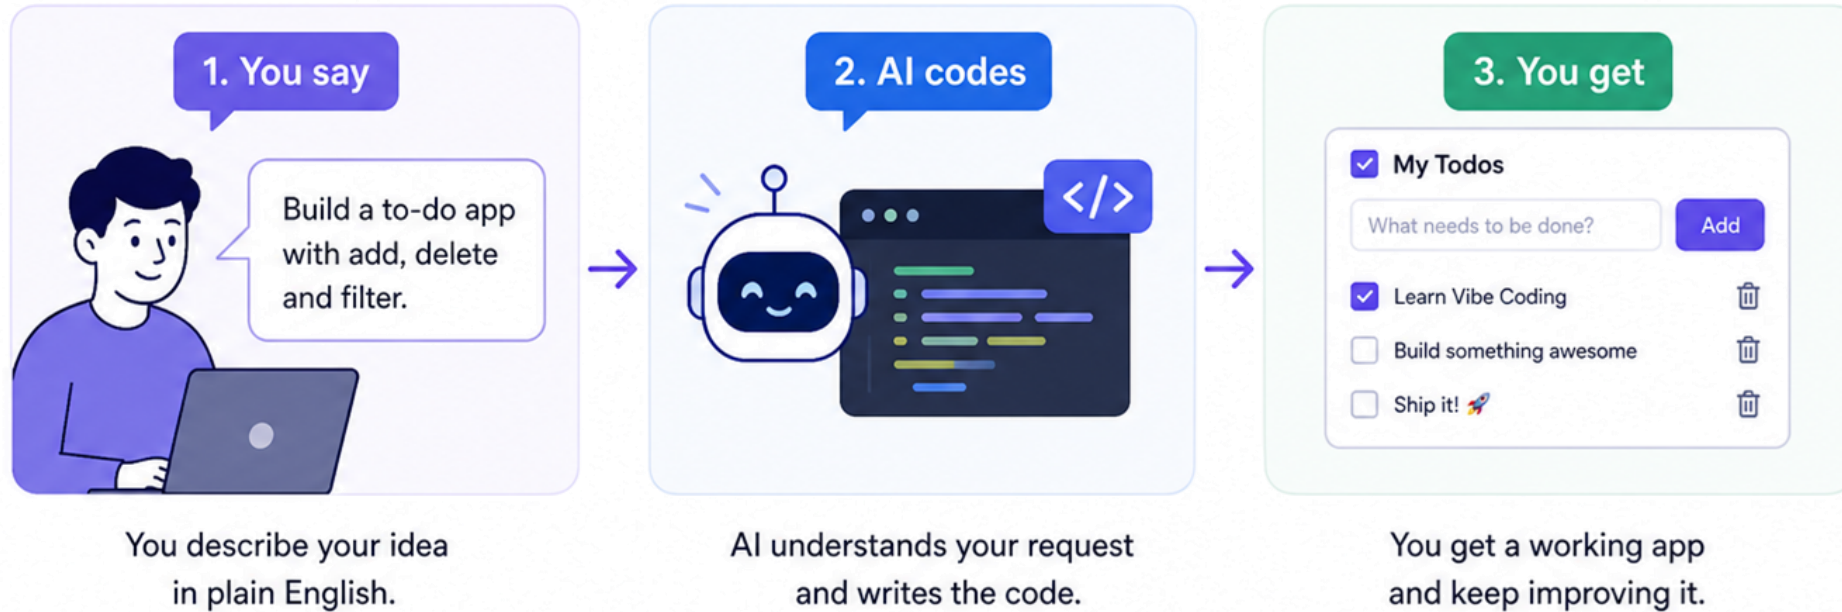

Which is the Most AI-Ready Data Format?

 DOCX Word Document	 PDF Portable Document Format	 MD Markdown Document
 What is it? A Word document you can create and edit.	 What is it? A file made to look the same on any device.	 What is it? A plain text file using simple markup.
 Can you edit it? Yes, fully editable.	 Can you edit it? Not easily. It's for viewing.	 Can you edit it? Yes, in any text editor.
 Best for Writing, editing, reports, essays, letters.	 Best for Sharing, printing, forms, official documents.	 Best for Notes, docs, README files, code docs, simple writing.
 Works with Microsoft Word and similar editors.	 Works on Almost any device or platform.	 Works with Any text editor and many tools.
 File size Usually larger.	 File size Usually smaller than DOCX.	 File size Very small.
 In short  Use DOCX when you need to create and edit rich documents.	 Use PDF when you want to share or print without changes.	 Use MD when you want simple, plain text that's easy to write and maintain.

What is Vibe Coding?

Vibe Coding is building software by describing what **you** want in natural language, and letting **AI** write the code for you.

Why it matters

Turn ideas into apps faster.

No need to know complex coding.

Focus on creativity, not syntax.

You bring the **idea**. **AI** handles the code. Together, **you build**.
